ABOUT THE COUPLE

Although Jessica Rosenberg and Michael Morelli first met in Miami in 2014, it wasn't until 2017 that Michael asked Jessica on a date. "I told him I wouldn't go out with him unless he had long-term intentions," shares the bride. "It was then that he told me he was going to marry me." One year later, on the night of the engagement, Michael suggested that they go to Yorkdale Mall for some retail therapy. Once they entered the mall, Michael led the way to a pop-up gallery where a "Will you marry me, Jessica," painting was awaiting them. After she screamed "YES," the artist, Anthony Ricciardi, greeted the couple in the gallery with a bottle of champagne and gifted them the painting.

The wedding took place on June 22, 2019, in Toronto, Ontario. **LAURA & CO. EVENTS** provided full-service planning and design for the celebration, collaborating very closely with Frank Rea from **FRANK REA EVENT DESIGNS**.

Bridesmaids wore dresses from **WHITE TORONTO** and custom **TARA FAVA JEWELLERY** earrings gifted by the bride. A hand-made Malmalson bouquet, a style that dates back hundreds of years, was made modern again by **FRANK REA EVENT DESIGNS**.

The ceremony took place in Michael's family parish, **ST. MARGARET MARY PARISH**. Hundreds of white Tibet roses lined the aisle in stunning mirrored troughs leading to the floral-covered altar.

Wedding bands were purchased from **DAMIANI JEWELLERS**.

It was a true family affair at Jessica and Michael's wedding! NHL players Casey Cizikas from the New York Islanders and Sean Monahan from the Calgary Flames made an appearance for their sister-in-law's big day.

METROPOLITAN GARDEN

The reception was held at the **FOUR SEASONS HOTEL TORONTO**, which had been completely transformed into a chic white garden. One of the key features in the room was the stunning assortment of 14-ft Benjaminia trees by Frank Rea from **FRANK REA EVENT DESIGNS**. These trees were custom designed and embellished with cherry blossoms, white hydrangea, roses, Swarovski crystal ribbon, and Frank's personal crystal pendant collection. Not only that, the ceiling was entirely covered in a stunning floral structure of imported smilax woven through an intricate grid with suspended hydrangea, wisteria, and roses. Magical fairy lights and candlelight were the finishing touches on this magnificent reception, allowing guests to dine under a canopy of sparkling beauty.

PAPER & POSTE designed the seating chart. Production and installation by **DANCE FLOOR DÉCOR**.

FOUR SEASONS HOTEL TORONTO catered an elaborate menu complete with an amazing seafood and charcuterie bar for cocktail hour, and a delicious four-course meal paired with wine and champagne.

EVENTURE CUSTOM ENVIRONMENTS & EVENT DRAPING covered the entire ballroom in romantic, sheer white draping, leaving the room's signature mirrored corners exposed. Lighting, AV, truss, and rigging were all provided by **SOLE POWER PRODUCTIONS**. Truss finishing, dance floor production, and installation by **DANCE FLOOR DÉCOR**. END NOTES

“We wanted a fashion-inspired cake,” shares the bride, and **NADIA & CO.** delivered just that. “Nadia came up with a super chic idea to ‘feather’ the cake to mimic the strokes in my dress and whimsical nature of the magical forest we were creating.” The seven-tiered creation also paired silver accents with florals to further match the aesthetic of the night. The couple took to the custom-created dance floor by **DANCE FLOOR DÉCOR** where **SENSATION LIVE MUSIC** played on a stage that was layered with white roses and mirrored troughs.

For their honeymoon, Jessica and Michael had a true European vacation. Starting in Paris, the couple went to Barcelona, Mallorca, the Amalfi Coast, and ended in Rome, where they drank wine and enjoyed as many sunsets as possible. The couple currently reside in Etobicoke.

For the reception, Michael changed into a **TOM FORD** suit.

Entertainment for the reception included **SENSATION LIVE MUSIC** and **DJ APPLE SCRATCH** from **SOLE POWER PRODUCTIONS**.

CORINNE MCDONALD FILMS provided cinematography services and created a same-day edit video, played later that night by **PSAV**.
